Name of Equipment: DESKTOP COMPUTER for Applications Use

Description: For Applications Use

Other Requirements:

Brand and Model: The offered desktop computer must be from a globally recognized brand that has been marketed in the Philippines for at least the past 10 years. The model must be listed in the current catalog and must not be end-of-life from the time of bidding until the expiration of the warranty period. A Manufacturer's Certificate is required.

All Components must be the same brand as the computer (except for the webcam, and headset) and manufacturer installed. The supplier is not allowed to change or add any components to the equipment.

Regulatory: ENERGY STAR certified. For Desktop Computers that do not carry an Energy Star certification, an appropriate means of proof of Energy consumption levels shall be submitted such as a technical dossier of the manufacturer or a test report from a recognized body to demonstrate compliance with this requirement.

Documentation and Media: All equipment shall be supplied with standard manufacturer documentation, on any electronic storage media and hard copy version where available.

Warranty and Maintenance: The Supplier must provide a 1-year warranty on all parts including mouse, keyboard, webcam, headset with microphone, and associated software and onsite labor from the Date of the Inspection and Acceptance Report (IAR).

Technical Support: The local technical support shall include telephone and email, 8 hours per day (8:00 am - 5:00 pm) 5 days a week (Monday - Friday) for problem resolution. Support shall have a response time of the next business day.

Additional Notes: The UPS (650VA) shall be issued in bundle with the Desktop Computer for Applications Use tech specs. This technical specification shall be issued along with the Certification issued by IMS.
